

SOP

Title: Invite an Assistant to Your Systeme.io Workspace – SOP

Frequency: As Needed

Outcome:

- An assistant is invited to the workspace successfully.
- The assistant accepts the invitation and gains access to the workspace.
- The assistant is assigned the appropriate role and permissions.

Steps:

- Log in to systeme.io.
- Click your Profile Picture.
- Select Settings.
- Click Workspace Members.
- Click Invite.
- Enter the assistant's email address.
- Click Invite.
- Wait for the assistant to receive the invitation email.
- Ask the assistant to click the confirmation link in the email.
- Verify the assistant's status changes to Confirmed.
- If administrator access is required, click the three dots beside the assistant's name.
- Select Edit Role.

- Choose Admin.
- Click Save.
- Confirm the admin icon appears beside the assistant's email address.

Reference Materials:
